The Mobil-Grid (R) is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and connected, with integrated control cell and ...

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing ...

The Mobil-Grid (R) is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and ...

With the laser integrated in Solarfold and a specially made tape measure, you can position and drill the drill holes for the ground anchor in no time. ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

With our Mobile Photovoltaic Energy Storage Container System, we're proud to offer a practical, scalable solution that empowers ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and ...

With our Mobile Photovoltaic Energy Storage Container System, we're proud to offer a practical, scalable solution that empowers individuals and businesses to embrace ...

holes for the ground anchor in no time. Just sink the anchor and spread it with the ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.
