We provide wastewater treatment plant solutions that meet regulation needs and efficiency goals. They help save energy and reduce the total cost of your wastewater treatment system.

The results of coupling our plant with an on-grid PV system and wind turbine show that it was able to reach an electrical coverage of about 72% of the wastewater treatment ...

This article provides an overview of harnessing solar energy for wastewater treatment plants, highlighting its relevance and importance in the context of renewable energy.

Riyadh, December 08, 2024, SPA -- The National Water Company (NWC) has successfully generated clean energy by treating wastewater at the Heet plant in Riyadh and Ajyal plant in ...

This system doesn't just treat wastewater--it works seamlessly with BOKAWATER's commercial RO water purifiers and water treatment chemicals, creating a closed-loop water treatment ...

Launched in 2018 by His Royal Highness Prince Mohammed bin Salman bin Abdulaziz, Crown Prince and Prime Minister, the AlKhafji Desalination Plant is a revolutionary system that turns ...

In this work, the economic profitability and environmental utility of installing the grid-connected photovoltaic system in wastewater treatment plant were studied.

This wastewater treatment plant is built under the Build-Own-Operate-Transfer (BOOT) model and includes the complete handling of wastewater supplied by the National Water Company.

Saudi Arabia has recently witnessed a huge development in many sectors, including the sewage treatment
