Individual pricing for large scale projects and wholesale demands is available. Charge/Discharge power. The container system is ...

With a large capacity of 2 MWh, this vehicle offers ample storage to meet the demands of various industries. Equipped with six new ...

They integrate lithium batteries, PCS, transformer, air conditioning system, and fire protection system within a single container, offering a ...

HighJoule's scalable, high-efficiency 2MWh energy storage system provides reliable, cost-effective solutions for commercial, industrial, and utility-scale ...

A high-capacity, 2 megawatt-hour battery energy storage system integrated into a standard 40ft container. Designed for large-scale renewable integration, peak shaving, and grid stabilization, ...

As a leading solution in the container ESS energy storage system market, our product offers exceptional efficiency and durability for commercial, industrial, and utility-scale applications.

Available for simple on-deck installation for a wide variety of ship types, such as OSVs, container vessels, and ferries. The system integrates smoothly ...

HighJoule's scalable, high-efficiency 2MWh energy storage system provides reliable, cost-effective solutions for commercial, industrial, and utility-scale applications.

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate
