By harnessing solar power, the system has effectively reduced carbon emissions by 423,000 tons of CO₂ annually--equivalent to planting ...

Solar energy generated during the day is stored in batteries and released as needed. Constructed within four months, the solar ...

With our first "demo project" in 2018, Akuo Indonesia, with the support from MCC (Millenium Challenges Corporation), has implemented Indonesia's ...

Recognized for its innovative business model, strong technical foundation, and focus on sustainability, Xurya has helped accelerate the ...

Specifications PAC 80kWh Solar storage battery commercial project with 50kW solar panels in Indonesia
Project: off-grid solar storage battery ...

With our first "demo project" in 2018, Akuo Indonesia, with the support from MCC (Millenium Challenges Corporation), has implemented Indonesia's biggest off-grid Hybrid solution (Solar ...

Off-grid solar system with lithium batteries for any kind of buildings, anywhere in Indonesia. We can help make it more affordable!

These solar-plus-storage minigrids are set to be installed in 80,000 villages across Indonesia and will be managed and operated by village cooperative Merah Putih.

Recognized for its innovative business model, strong technical foundation, and focus on sustainability, Xurya
