What is fsolar off grid solar system in Abu Dhabi & UAE?

FSolar offers solar off grid system in Abu Dhabi and UAE. Off Grid Solar systems are those which employ battery storage and a backup generator. These kind of solar systems ensure power at all times. Here is reason why you should go for OFF-Grid Solar system in UAE. These are ideal for remote areas where no access for grid.

Does the United Arab Emirates have solar panels?

The United Arab Emirates, being covered by desert, has abundant sunlight. Solar panels are indeed used in the UAE, but not all sunlight that falls on the photovoltaic cells is converted to electricity. The efficiency of solar panels is the percentage of energy from sunlight that is converted to electricity.

Why are solar systems effective in remote areas of UAE?

Solar systems in UAE are the most effective power sources in remote areas where grid electricity is not accessible. The efficiency of solar panel is the percentage of energy from sunlight that is converted to electricity. Solar Energy is one of the most successful Renewable source of energy as most of the area are covered by desert.
