Manufacturer of all-in-one solar container systems for off-grid, backup & emergency power. Pre-wired, rapid deployment, global projects.

Logistics provider CWT will use over 41,000 solar panels to generate energy at the Port of Amsterdam as part of a new sustainability initiative. The panels, which are spread across five ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight ...

Developed by SolarCont GmbH, a collaboration between Hilber Solar GmbH and Gfollner Fahrzeugbau und Containertechnik ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. Technological advancements are dramatically improving ...

Developed by SolarCont GmbH, a collaboration between Hilber Solar GmbH and Gfollner Fahrzeugbau und Containertechnik GmbH, this mobile photovoltaic system ...

At the Solar Solutions trade fair in Amsterdam, Tesvolt is presenting its new outdoor storage container TPS HV 80 E. The container is optimised for continuous use in ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

The Sluishuis is a sustainable building, with solar panels installed on the roof providing the energy for the lighting and heating, ventilation, and air conditioning in the complex. Its courtyard has a ...
