Who is Argentina Lithium & Energy Corp?

Welcome to Argentina Lithium & Energy Corp. Argentina Lithium & Energy Corp is focused on acquiring high quality lithium projects in Argentina and advancing them towards production in order to meet the growing global demand from the battery sector.

Will Argentine send lithium batteries to Argentina?

In 2022, the Argentine government announced a plan to send lithium batteries produced at UniLib-- a joint venture between state-owned oil company Yacimientos Petrolíferos Fiscales (YPF), the National University of La Plata (UNLP), and the National Scientific and Technical Research Council -- to the island.

Why should you buy lithium in Argentina?

Argentina's vast lithium resources are critical to meeting surging global demand primarily for electric vehicles and large-scale energy storage systems. With this, Argentina is positioned to be a key supplier of high-quality, cost-effective lithium. *Lithium Argentina's lithium carbonate production expectations on a 100% basis

Are EV companies hungry for Argentina's lithium?

EV companies are hungry for Argentina's lithium. Little is left for Argentines Local projects stall as the mineral's fourth-largest producer exports to the U.S. and China, and courts Elon Musk.
