We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Leading Edge is a British designer and manufacturer of off-grid power systems. We provide pre-configured, plug-and-go units to supply power 24/7 in remote locations, 365 days a year.

We have a range of modular off grid container, (or other) based power supplies. The beauty of our systems is they are completely expandible in terms of PV Panels, Inverter Kw output/phases ...

A containerized, movable off-grid solar power solution that unfolds into a high-capacity PV array in minutes. Designed for fast deployment, reliable output, and easy transportation to remote ...

They are the perfect answer for delivering green energy to small space container conversions! Contact our team if you"re looking to add renewable energy to your container conversion project.

These days, it"s easy to build modular systems that can work independently or together to provide more power. When creating the Solar-Gen range we designed it so that in its standard form it ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

This cabin solar panel setup can make every 32ft or 20ft cabin/container roof a renewable energy source - with each Solar Smart Frame able to produce up to 5kW of power. This makes it an ...

Access off-grid power, wherever and whenever you need it. Solatainer(R) uses integrated renewable power

and storage, alongside a diesel-power back-up, to reduce fuel consumption, ...

We can even build compact power supplies for camping charged by the sun or any off grid solar system you require. Choose from a wide range of off grid products, including full solar kits, ...
