We can help with the cost of solar energy storage in Canberra. Storing power from solar panels can help you save on electricity bills and be more sustainable. The Next Gen program ...

The Next Gen program supports the development of the energy storage industry in the ACT, along with research and training.

How The Act Battery Rebate (Next Gen) Works Eligibility For Act's Battery Rebate How The Act Selects Pre-Qualified Installers How Does This Change Roi For A Battery System in The Act? Other Benefits of A Battery Storage System Want More info? Check Out These Resources To receive the rebate you must meet the following 4 criteria: 1. Be connecting a new system that has not already been supported by the Next Gen program 2. Be connected to the grid (off-grid installations are not eligible) 3. System must also include solar panels (pre-existing or installed with the solar battery) 4. Must include a new or existing in... See more on solarchoice
