-----  
Where can I find the tendering materials for the Danish Energy Fund?

The tendering materials are available on the CCS pages on the Danish Energy Agency website. Furthermore, the contract notice and tendering materials for the Fund will be published on the EU's electronic tendering platform: Tender Electronic Daily (TED).

Why do companies bid for energy storage tenders?

Bidding for energy storage tenders is extremely lucrative for companies of all sizes. Tendering authorities and private companies release thousands of contracts worth millions for procurement of energy storage. Global Tenders stands out as the largest platform dedicated to tenders and government contracts.

How will the CCS Fund help Denmark meet climate goals?

The CCS Fund will secure carbon reductions or negative emissions that contribute to meeting Denmark's climate goals. Overall, it has been estimated that the Fund will reduce Denmark's annual carbon emissions by 2.3 million tonnes from 2030. This corresponds to around five percent of Denmark's total current emissions over a year.

The Danish Energy Agency has selected 10 companies from a pool of 16 applicants to compete for DKK 28.7 billion in funding for Carbon Capture and Storage projects.

We are developing battery storage projects from green field to construction and into operations. In recent years, we have been developing our ...
