---

Our battery design team uses the latest mechanical and electronic design tools to optimize the reliability, safety and manufacturability of your custom battery packs.

We offer flexibility in battery formats, with solutions available in small to medium/large sizes, spanning a wide voltage range (3-800V) and power range (10W-15+kW). Our battery packs ...

Design custom battery packs with ease! Create packs using new or existing lithium cells, adjust capacity & voltage, and visualize your configuration instantly. Perfect for DIYers, engineers, ...

Vade Battery specializes in custom rechargeable 18650, Li-ion, Lithium polymer, and LiFePO4 battery packs designed specifically for power tool applications. Our engineering expertise ...

CM Batteries? focuses on designing and manufacturing custom lithium-ion battery packs for power tools like drills, lawn mowers, and more.

At EMBS, we take great pride in our ability to manufacture custom lithium-ion battery packs for several of the world's major professional power tool manufacturers.

Ready to Power Your Tools with a Custom Battery? From compact drills to heavy-duty industrial equipment, LanDazzle delivers tailored battery solutions that combine high power output, long ...

We are a technology-agnostic custom battery manufacturer, allowing us to select and engineer the ideal chemistry to meet the specific performance, safety, and cost requirements of your ...

At BatterySpace, we provide all your needs for custom batteries. We carry a full line of different kinds of batteries, as well as top brand batteries in our US warehouse.
