The large RETRON 4000 is ideally suited for storing and transporting large quantities of lithium-ion batteries, for example from e-cars.

Our automotive battery packs fully encapsulate and protect the battery during shipment. The benefits of these battery packaging options include nesting capabilities for better return ratios, ...

The Lithium-Ion Car Battery Recycling Advisory Group (formed in response to Assembly Bill 2832 passed in 2018) was created to advise the Legislature on policies ...

Our automotive battery packs fully encapsulate and protect the battery during shipment. The benefits of these battery packaging options include nesting ...

Learn more about the standard safety criteria and how to stay compliant while reducing your risk of lithium battery fire or environmental contamination with battery spill containment.

Engineered to ensure secure containment and charging, these meticulously crafted lithium-ion battery storage containers provide comprehensive safeguarding, including 90-minute fire ...

We combine high energy density batteries, power conversion and control systems in an upgraded shipping container package. Lithium batteries are ...

Sanitation vehicles are increasingly turning to lithium batteries, which are lighter, able to charge more quickly and have a longer life than traditional batteries. But they are also ...

Each system offers a voltage of 614.4V and a capacity of 410Ah, delivering up to 251kWh of energy. It

features integrated cooling and heating functions to ensure stable ...

By transitioning from fossil fuel-powered systems to electric sanitation trucks equipped with lithium batteries, municipalities can significantly lower their environmental footprint.

CTS has its cooperated battery test laboratory. We will verify the battery DV / PV (design verification / production verification) stage in the laboratory to verify whether the design / ...

We combine high energy density batteries, power conversion and control systems in an upgraded shipping container package. Lithium batteries are CATL brand, whose LFP chemistry packs 1 ...
