This study analyzes the factors that have facilitated Vietnam's recent rapid solar and wind power expansion and draws policy insights for other member states of the Association of ...

Projects like Japan's Shizuoka Gas solar plant and Germany's PNE offshore wind farm (with a planned 2,000 MW capacity) highlight the ...

Projects like Japan's Shizuoka Gas solar plant and Germany's PNE offshore wind farm (with a planned 2,000 MW capacity) highlight the confidence global firms have in the ...

A draft of the new policy outline, likely to be finalised in coming weeks, scraps plans to build offshore wind turbines, instead ...

Discover how Vietnam's groundbreaking energy storage project is reshaping renewable energy adoption and grid stability in Southeast Asia.

Hanoi's top 3 storage providers are currently racing to deploy Vietnam's first gigawatt-scale project. Rumor has it the competition's fiercer than a Grab Bike during rush hour.

This initiative combines solar power with hydrogen technology to create a 50MW hybrid energy system, positioning Hanoi as Southeast Asia's first major city adopting grid-scale hydrogen ...

A draft of the new policy outline, likely to be finalised in coming weeks, scraps plans to build offshore wind turbines, instead building more onshore wind capacity, rooftop ...

Finalizing and analyzing the results of "Scientific conference on application of energy storage systems and
