Part #: IR2520D. Description: ADAPTIVE BALLAST CONTROL IC. Manufacturer: International Rectifier.

International Rectifier (IR) was an American company that specialized in the design and manufacture of power management and power control semiconductors. The company was ...

The IR2520D(S) is a complete adaptive ballast controller and 600V half-bridge driver integrated into a single IC for fluorescent lighting applications. The IC includes adaptive zero-voltage ...

Source price, download datasheet in pdf file, check stock or RFQ from trusted online electronic components distributor.

The IR2520D is a Power LED Driver IC optimized for high-speed and low-voltage operations. It provides excellent performance for specific applications, such as analog and digital signal ...

IR2520D is a 600V half-bridge driver IC with adaptive ZVS, integrated bootstrap FET, and OCP for fluorescent lighting. Find data sheet, parameters and ordering.

View IR2520D (S) (PbF) by Infineon Technologies datasheet for technical specifications, dimensions and more at DigiKey.

IR2520D (S) & (PbF) ADAPTIVE BALLAST CONTROL IC Features o 600V Half Bridge Driver o Integrated Bootstrap FET o Adaptive zero-voltage switching (ZVS) o Internal Crest Factor Over ...

Download IR2520D International Rectifier datasheet PDF, view technical specifications, and find pricing information.
