-----

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind ...

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski.

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy ...

SEB Nordic Energy's portfolio company Locus Energy, in collaboration with Ingrid Capacity, proudly announces the groundbreaking of one of Finland's largest battery energy storage ...

North Macedonia's energy landscape is undergoing a quiet revolution. With growing investments in renewable energy projects and grid modernization efforts, the demand for reliable battery ...

A lead-acid battery plant in Probitip in North Macedonia will cover 25% of its electricity needs from its new solar park of 8.4 MW on ten hectares and an additional rooftop photovoltaic system.

Lead-acid battery energy storage battery Lead-acid batteries are increasingly being deployed for grid-scale energy storage applications to support renewable energy integration, enhance grid ...

In a recent landmark auction, the North Macedonian government received 44 bids for battery storage projects, totaling an impressive 4.2 GW of capacity. This ambitious move is ...

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage.

State-led solar and wind projects, along with investments in grid ...

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play ...

The 2.6 MW BESS projects are just the start of battery storage in the country with YESS Power, a Turkey-based contractor, planning to ...

The 2.6 MW BESS projects are just the start of battery storage in the country with YESS Power, a Turkey-based contractor, planning to commission a 60 MW BESS project in ...
