How long is a solar panel warranty?

Solar panel warranties vary depending on the manufacturer, but in the solar industry, a 10-year product warranty and a 25-year performance warranty are typically considered the minimum standard. However, some manufacturers provide a 25-year product warranty and extend the performance warranty to 30 years. How

Much Does a Solar Panel Warranty Cost?

How long do solar batteries last?

Solar batteries and inverters typically have a service life of 10 to 12 years, with warranties lasting five years or longer. Depending on the manufacturer, some warranties may cover the entire service life of the product. For instance, the Tesla Powerwall and LG Chem RESU, recognized as top home batteries, both come with a 10-year warranty.

How long does a warranty last?

However, as technology advances, manufacturers are starting to offer longer warranty periods. Silfab, for example, is now offering 30 years of coverage, while Maxeon's power warranty spans a whopping four decades.

Plus, this solar panel system comes with the industry's best warranty (see below). Reach out to our solar power pros today at (877) 616-2046 and have them give you a snapshot of the ...
