Can Mozambique take full advantage of its solar potential?

In a new monthly column for pv magazine, SolarPower Europe describes how Mozambique may take full advantage of its huge solar potential by implementing its recently launched Renewable Energy Auctions Programme for large-scale projects, while also pushing for more off-grid renewables in remote areas.

When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

What is the market for off-grid solar in Mozambique?

The total estimated addressable market for off-grid solar is currently 173 MW, and is expected to grow in line with the growth of the aforementioned sectors. Recent energy policy reforms are also changing the game for off-grid renewables in Mozambique.

Will Mozambique get a solar power plant in 2023?

Future tenders are expected to be announced in Q4 of 2023, including the selection of two independent power producers for two 30 MW solar photovoltaic power plants and one 50 MW wind power plant. But Mozambique has an enormous challenge that spreads far beyond where the national grid ends.

Companies like SunContainer Innovations have leveraged these incentives to deliver turnkey solutions combining solar PV, storage, and microgrid controls. Their recent 50 MW project in ...

But here's the kicker - a cutting-edge phase change energy storage tank project in Maputo is turning up the heat on traditional power solutions. Let's unpack why this tech has ...

Zambia 100MW energy storage project Zambia has kicked off construction works on the first phase of a 100-MW solar project, also featuring battery storage, in Choma District, as it seeks ...

Building on this long-standing commitment, the company launched Mozambique's first commercial solar rooftop project in 2023, installed on the roof of Maputo's Novare Matola Mall.

The first phase of this solar project focuses on Matola Mall, one of Novare's retail properties in Mozambique, in collaboration with renewable energy company Enteria Mocambique.

Novare, an investment solutions company, announced in August a new project to install photovoltaic panels for the Novare Matola Mall commercial area in Mozambique, which will ...

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and ...

OU Prategli Invest is building a solar energy storage device in Tallinn, where it will store energy from a solar farm production plant located on the roof of a warehouse complex.

The project involves the design, financing, construction and operation of a 40 MWp solar photovoltaic power plant in the Dondo district, about 30 km from the port city of Beira.

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility ...

Novare, an investment solutions company, announced in August a new project to install photovoltaic panels for the Novare Matola Mall ...

The project involves the design, financing, construction and operation of a 40 MWp solar photovoltaic power plant in the Dondo ...
