-----

Phase Change Energy Solutions is a series C company based in Asheboro (United States), founded in 2011 by Byron Owens and Reyad Sawafta. It operates as a Developer of ...

It reduces operating costs, prolongs equipment life, and offers substantial energy savings. With the added benefits of government incentives, PhaseStor's solutions are poised to become ...

Phase Change Solutions is a global leader in temperature control and energy-efficient solutions, using phase change materials that stabilize temperatures across a wide range of applications.

Phase Change Material Solutions ACT is a leading provider of high performance, system critical PCM (phase change material) heat sinks and heat exchangers. Phase change materials are ...

PhaseStor(R) utilizes proprietary technology to store Thermal Energy, similar to a car battery but without electricity. Our energy storage systems are versatile, applicable to various settings ...

Fusion Phase Technologies is a company at the forefront of energy storage innovation, specializing in advanced phase change materials (PCMs) used in its Eutectic PCM Cool ...

Fusion Phase Technologies is a company at the forefront of energy storage innovation, specializing in advanced phase change materials (PCMs) ...

Phase Change Material Solutions ACT is a leading provider of high performance, system critical PCM (phase change material) heat sinks and ...

The Company develops, engineers and manufactures innovative energy efficiency and thermal storage

solutions using its proprietary and patented phase change material, BioPCM(R). Phase ...

With PhaseStor, you're not just investing in a product, you're investing in the future of sustainable energy solutions. Our commitment to utilizing bio-based Phase Change Materials not only ...

The top 10 companies in advanced phase change materials are at the forefront of this transformation, developing cutting-edge PCM technologies with a wide range of applications ...

Companies such as Phase Change Energy Solutions, Microtek Laboratories, CPCM, and ENGIE are acknowledged leaders contributing significant advancements in ...
