Why are New Yorkers protesting a new lithium-ion battery storage facility?

It's the new not-in-my-backyard rage - and the latest blow to New York's green energy agenda. New Yorkers are lining up in opposition to dozens of new lithium-ion battery storage facilities planned across the Big Apple and beyond, over fears they could spark toxic infernos in residential neighborhoods.

What do protestors say about towers?

Environmental preservation is another common theme among protestors. In areas where towers are proposed near parks, forests, or wetlands, residents express fears about the disruption of local ecosystems and wildlife.

Where should cell base stations be located?

An analysis of 100 studies published in Environmental Reviews found approximately 80% showed biological effects near towers. "As a general guideline, cell base stations should not be located less than 1500 ft from the population, and at a height of about 150 ft" (Levitt 2010).

Where are cell towers banned in India?
