Somaliland wants international recognition - here's why, and what could have driven Israel to recognise it now.

Somaliland, historically, the area now comprising Somalia and Djibouti. The name is also used to refer to the Republic of Somaliland, a self-declared independent country in the ...

Israel became the first country to formally recognise the self-declared Republic of Somaliland as an independent and sovereign state on Friday - a decision that could reshape ...

While Israel officially recognised Somaliland as an "independent and sovereign state", Somalia and the African Union reacted angrily and condemned the decision.

The development carries potential benefits for both sides but still faces stiff international opposition, 34 years after the region broke away from Somalia.
