What is the new 5G network in Palau?

The upgraded network - currently in the design and planning phase - will enable higher speeds and more reliable mobile broadband across Palau, and is funded in part by a \$14.24 million U.S. grant aimed at expanding secure 5G infrastructure pitiviti.org.

When did Palau launch a 5G open ran project?

Mid-2023 Palau launched a 4G/5G Open RAN modernization project, funded by a \$14.24 million U.S. grant, making Palau the first Pacific Islands country to pursue a commercial 5G Open RAN deployment.

Does Palau have a mobile network?

Currently, Palau has one primary mobile operator, the Palau National Communications Corporation (PNCC), which operates the PalauCel mobile network prepaid-data-sim-card.fandom.com. PNCC's network offers 2G/3G coverage nationwide and 4G LTE service in the main population centers of Koror and Airai prepaid-data-sim-card.fandom.com.

How will Palau be impacted by the shift to 5G?

The shift to 5G will significantly boost Palau's current wireless network, enhancing speed, coverage, and data transmission capacity. This will open doors to a plethora of innovative applications that are currently hampered by 4G limitations. Imagine a Palau transformed by 5G:
