-----  
What is a collapsible bulk container?

Collapsible bulk containers, also known as knockdown containers or knockdown bins, are space saving containers perfectly engineered for both durability and longevity. These foldable containers are made of high-density polyethylene (HDPE), a durable material that will protect your product throughout the duration of the container's life.

What are DuraGreen® collapsible bulk containers?

DuraGreen® collapsible bulk containers are space-saving containers engineered for durability and longevity. These containers are made of high-density polyethylene (HDPE), a durable material that will protect your products throughout the duration of the container's life.

What is a foldable container?

These foldable containers are made of high-density polyethylene (HDPE), a durable material that will protect your product throughout the duration of the container's life. These foldable containers offer key features that make using our plastic containers simple. Collapsible functionality brings significant savings on inbound freight.

Why should you invest in a bulk collapsible container?

Eliminate redundant packaging and streamline your operations with a single product designed for both storage and shipping. Investing in our advanced bulk collapsible containers significantly reduces your total shipping costs by removing the need for additional, specialized infrastructure.

Our durable, reusable totes collapse flat to save on return shipping and reclaim valued warehouse space.
